

TRANSFORMING UNINHABITABLE SPACES TO ARTFUL LIVING

3.5 billion and growing:

The world's urban population.

“WE’RE EXPERIENCING A RATE OF URBAN MIGRATION NOT SEEN SINCE THE INDUSTRIAL REVOLUTION.”

-CHRISTIAN SOTTILE, DEAN, SCHOOL OF BUILDING ARTS

81% of the U.S. population resides in urban areas

SCADpad is a solution

to the growing need for suitable, sustainable, efficient housing in cities worldwide.

105 million:

Parking spaces in the U.S. That's 5 spaces for every car.

50%:

At least half of all available parking spaces are vacant 40% of the time.

CULTIVATING A NEW VISION FOR AN URBAN COMMUNITY
“THE GREENEST BUILDING IS ONE THAT’S ALREADY BUILT.”

- NATIONAL TRUST FOR HISTORIC PRESERVATION

Building on SCAD’s History

SCAD historic preservation and adaptive reuse projects:

100+ BUILDINGS IN 4 GLOBAL LOCATIONS

Interdisciplinary Collaboration Creates Vibrant Community

“GREAT ARCHITECTURE IS COMPRISED OF UTILITY, STRENGTH AND DELIGHT.”

-VITRUVIUS

75 Students
12 Faculty
+ 37 Alumni

SCADPAD

8 PARKING SPACES = DELIGHTFUL LIVING IN AN UNEXPECTED SETTING

The size of one parking space and the dimensions of one SCADpad dwelling constructed in an Atlanta parking structure.

SCAD is reimagining urban living by changing the conversation about micro housing. **Experience #SCADpad**
